Sonoma County Coordinated Entry System

By-Name-List

Housing Referrals
Prioritized by Need

Participant FAQs about the Sonoma County Coordinated Entry System

1. What is a Coordinated Entry System (CES)?

- Coordinated Entry matches people experiencing homelessness to available housing programs. It prioritizes those who are most in need of assistance.
- Referrals are made only to permanent housing, not shelters.

2. What is a CES Assessment?

- Used to determine eligibility for referrals to homeless permanent housing services.
- Places you on a centralized By-Names-List so you don't have to apply program by program.
- Includes to the Vulnerability Index Survey (VI-SPDAT), a standard assessment tool used to measure a person's vulnerability and housing needs.
- Matches you with housing services that meet your needs when they are available, although an assessment does not guarantee a referral.

3. What is the Sonoma County Coordinated Entry System By-Name-List?

- The By-Name-List is a list of individuals, families, and transitional age youth who are experiencing homelessness prioritized by vulnerability.
- The By-Name-List is a dynamic waiting list and does not guarantee referrals to any particular service or program.
- The most vulnerable, eligible, and most in need will be connected to available housing programs first.
- If you do not accept the housing referral offered to you, you will maintain your placement on the By-Name-List and will be offered the next eligible referral.
- The By-Name-List is stored in the Homeless Management Information System, which is not accessible to the public.

4. I've completed the CES Assessment. What should I do now?

- Keep your contact and location information up to date with an Access Point
- Stay in contact with a CES Access Point, shelter, or outreach team every 90 days to maintain your active status on the By-Name-List and eligibility for housing referrals.
- Update your CES Assessment annually or when a major life event occurs.
- Continue to pursue other housing options, services, and benefits. Many people who are on the list will NOT be offered a housing opportunity or will wait a very long time for a referral. This is currently due to the lack of housing opportunities.

5. What are my rights as a participant in Sonoma County CES?

- The CES, Access Points and Cooperating Agencies must comply with the nondiscrimination provisions of federal civil rights laws, which bar discrimination on the basis of race, color, religion, national origin, sex, actual or perceived sexual orientation or gender identity, disability, familial status, marital status, citizenship (or lack thereof).
- Depending on eligibility, cooperating agencies may refer a participant to a more appropriate agency.
- You have the option for your information to be stored on the By-Names-List anonymously, and it can be removed at any time.
- You can register for the Coordinated Entry System regardless of your legal status. Access points and Cooperating Agencies have assistance in Spanish.

6. How do I submit a complaint or grievance?

- Please contact the Coordinated Entry Operator HomeFirst at: ce@homefirstcc.org or 866-542-5480. HomeFirst does not have a say in housing decisions.

Warming Centers – Winter to Early Spring*

<https://socoemergency.org/emergency/warming-centers/>

Warming centers are heated public facilities where you and your family can go for relief during periods of extreme cold. Sonoma County works closely with local homeless providers to ensure needs are being met and helps augment with additional resources as needed during freeze alerts.

Warming centers will be activated when a single or combination of the below conditions may prompt activation of this phase:

- **Overnight temperatures** are expected to drop **below 28 degrees**, and conditions are projected for a minimum of **two consecutive days**.
- **Overnight temperatures** are expected to drop **below 32 degrees**, and conditions are projected for a minimum of **three consecutive days**.
- **Temperatures** predicted to drop below an average nighttime low of **37 degrees** for **two consecutive days** with **accompanying hazardous conditions** including more than 1 inch of rain, predicted snowfall, flash flood watch/warning, wind chills or extreme temperature fluctuations.
- **National Weather Service** and/or **Department of Health** issues a **Frost Advisory** and/or **Freeze Watch**.
- **Overnight low temperatures** are accompanied with **daytime temperatures** of **40 degrees** or **lower**.

Cooling Centers - Late Spring to Mid-Summer*

<https://socoemergency.org/emergency/cooling-centers/>

Cooling centers are air-conditioned public facilities where you and your family can go for relief during extreme heat to prevent or reduce heat-related illness and stress. When the County, cities and partner agencies activate cooling centers during extreme heat events (see criteria below), the facilities will be listed online.

The criteria determining when the county opens a cooling center includes meeting the following conditions:

- **National Weather Service** issues a **Heat Risk Level 3** warning or greater for at least **3 consecutive days**
- **National Weather Service** issues an **Excessive Heat Warning**
- Forecast of **high daytime temperatures** accompanied with **overnight low temperature** of at least **75 degrees** or **higher**.
- **California Independent System Operator** issues an **Energy Emergency Alert 2 or 3** electrical emergency.

*Cooling Centers/Warming Centers subject to seasonal limitations; shelters may be open for days or weeks at a time pending weather conditions but are subject to closure at a moment's notice. For long term shelter/housing solutions, please reach out to your local homeless service providers.
